

TECHNICAL DATA SHEET

TONER

1. DESCRIPTION:

Water pigmented resin for products in the range of Eco Cement, Acrylic, Nature, Textile and Glass.

2. ADVANTAGES OF TONER:

- Totally transparent.
- Impact Resistance.
- Elastic behavior.
- High Chemical resistance.
- Good Alkali resistance.

3. TECHNICAL SPECIFICATIONS

Physical state	Liquid
Odor	Weak
pH	7.5 - 9
Relativ density	Aprox. 1.06 Kg/dm ³
Boiling point	100°C (760 „ HG)
Freezing	Aprox. 0°C
Explosive Properties	None

4. CHEMICAL PROPERTIES

Composition	Aqueous dispersion of acrylic copolymers.
Solubility in water	Miscible (in any proportion)
Specific weight	1.01 (Kg/L.)
Solids content	25 ± 1%
